

PROVIDING 5-STAR ROP SCREEN COMFORT CARE

1

Involve the parents in comfort care and give them a leaflet!

2

Implement 'CUDDLE'
Contain and cuddle, Use sucrose, Dummy,
Dim area, Less handling, Eye mask

3

Make sure you feed before the drops but not in the immediate hour before!

4

Wipe of any excess drops! And only one gentle press to the minims!

5

Make sure someone who is BLS trained is in the room during the screen, with a resus trolley nearby.

6

Repeat Step 1 and 2

7

And don't forget to document everything!
